Summary

Computer Science undergraduate with strong foundations in data structures, algorithms, and full-stack development, experienced in building scalable, data-driven applications using Java, Python, React, and SQL. Enthusiastic problem solver with a passion for writing efficient, high-performance code and contributing to impactful, real-world software solutions in collaborative environments.

Education

Easwari Engineering College, Chennai B.E. Computer Science	CGPA: 8.78
DAV Senior Secondary School, Mogappair Class 12	Percentage: 90%
S.D.C.V.V School, Kolathur, Chennai Grade 10	Percentage: 91%

Technical Skills

Programming: Python, Java
Web Development: HTML, CSS, JavaScript
Database & GUI: MySQL, Tkinter
Tools: VS Code, Git

Projects

Smart Crop Advisory System

- Platform providing crop recommendations using soil data, weather APIs, and ML-based disease prediction.
- Tech:** React, Express.js, PostgreSQL, Machine Learning

Career Comrade (Mini Project)

- Developed a web application that generates personalized career roadmaps by analyzing a user's current skills and target role.
- Features include login/register and saving generated roadmaps.
- Tech:** React, Node.js/Express, PostgreSQL, CSS

Saturn E-Commerce Platform

- Multi-role application with interfaces for customers, traders, and admins with a commission-based system.
- Tech:** Python, Tkinter, MySQL

Internship Experience

AI for Sustainability Intern

1M1B (AICTE & IBM SkillsBuild)

- Developed a plant disease detection model using machine learning to support early identification of crop infections and promote sustainable agriculture practices.

Achievements

- Led a team in Smart India Hackathon (SIH) 2025 internal rounds, presenting a problem-solution approach and developing a working prototype in a 12-hour hackathon.
- Active coder on LeetCode.

Certifications

Oracle Certified Professional: Java SE 17 Developer
Oracle University Certification

Feb 2026

Leadership & Volunteering

- Organized and volunteered at the Industry Institution Summit 7.0 NeXus (Immersive Technology Arena), coordinating VR/AR demonstrations and facilitating industry-academia interaction for students.
- Volunteered in multiple department symposium technical events, supporting event coordination, participant management, and smooth execution of activities.
